

Receivable Note

RWCAR Receivable Note I · RWRN01

SYNTHETIC DEMONSTRATION RECORD — NO REAL-WORLD CLAIM

This document exists exclusively for a Monad Testnet hackathon demonstration. It is not an invoice, security, offer, debt instrument, or legally enforceable payment obligation.

01

Document identity

Canonical reference data for the synthetic UAT asset

DOCUMENT ID

RWCAR-RWRN01-UAT-20260805-001

STATUS

Synthetic / Testnet / Non-enforceable

ISSUE DATE

August 5, 2026

REFERENCE DUE DATE

September 5, 2026

02

Reference parties

Fictional entities used only to exercise the protocol workflow

SYNTHETIC ISSUER

RWCAR Demo Issuer

SYNTHETIC OBLIGOR

Testnet Demo Buyer

PURPOSE

This record models a short-dated commercial receivable so the RWCAR application can demonstrate compliant repo creation, delivery-versus-payment, maturity, repurchase, and default handling on Monad Testnet.

03

Reference economics

Illustrative values for protocol testing; not a market valuation

REFERENCE FACE VALUE

USD 100.00

TOKEN SUPPLY

100 RWRN01

REFERENCE UNIT VALUE

USD 1.00

REFERENCE TERM

31 calendar days

CURRENCY

USD

Verification Schedule

RWRN01 issuance and valuation anchors

TESTNET ONLY

04

Cleanverse CVA record

Live UAT issuance identifiers; independently rechecked by RWCAR

OFF-CHAIN SIGNATURE RECORD

RWCAR hashes this exact PDF and validates an EIP-712 signature from the authorized UAT valuation wallet. The signature record is stored separately; no private key is embedded in this document.

07 / MANDATORY DISCLAIMER

This record represents synthetic testnet data only. No named party owes money under it. It does not establish ownership of a real receivable, confer payment rights, solicit investment, or represent legal, accounting, tax, or financial advice. RWRN01 has no guaranteed value and must not be transferred or represented as a production asset. The record may be used solely to test RWCAR, Cleanverse UAT, and Monad Testnet integrations.
